Industrial Automation

Who We Are

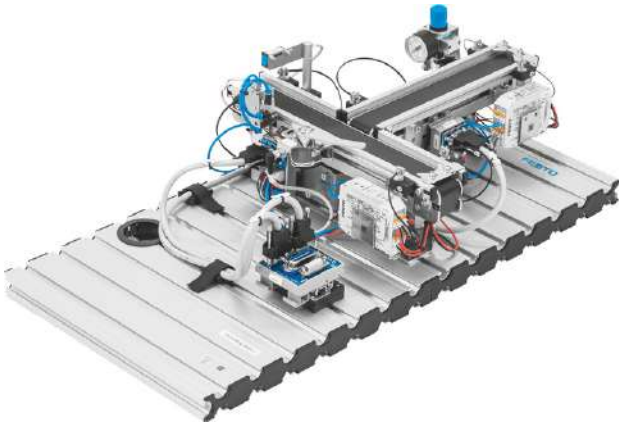

Automation describes a wide range of technologies that reduce human intervention in processes. Human intervention is reduced by predetermining decision criteria, sub process relationships, and related actions — and embodying those predeterminations in machines.

We make sure your machines keep running perfectly, regularly & smoothly and for that we supply a perfect quality industrial spares.

SERVICES COVERED UNDER HUS

Pneumatics Automation

Pneumatics is the use of pressurized gas to enable mechanical motion. Pneumatic power is used in industries where machines are most likely to be plumbed for compressed air.

Hydraulics Automation

The technique of using liquid for power transmission is called as hydraulics. In most hydraulic systems, mineral oils will be used

Fluids Transportation

Pipes are regularly used in the transportation of fluids such as water, natural gas, waste and air.

Silent Demolition

Silent demolition is controlled demolition at its finest and will eliminate the noise, danger and environmental impact that are inherent with heavy equipment

Associated OEM

सेल SAIL

FIRST NAME IN PNEUMATICS

HUS Brands

Well-Built

SS SEAMLESS & WELDED PIPES
MS PIPE, CARBON STEEL

**WELL-BUILT
SEAMLESS & WELDED
Extreme Quality PIPES**

MS, SS, & CS

**INSTA CRACK
Powder is a
Soundless, Safe and
Non-explosive
demolition agent.**

INSTA - CRACK
**NON EXPLOSIVE DEMOLITION
POWDER**

Air pressure regulator

Air filter regulator

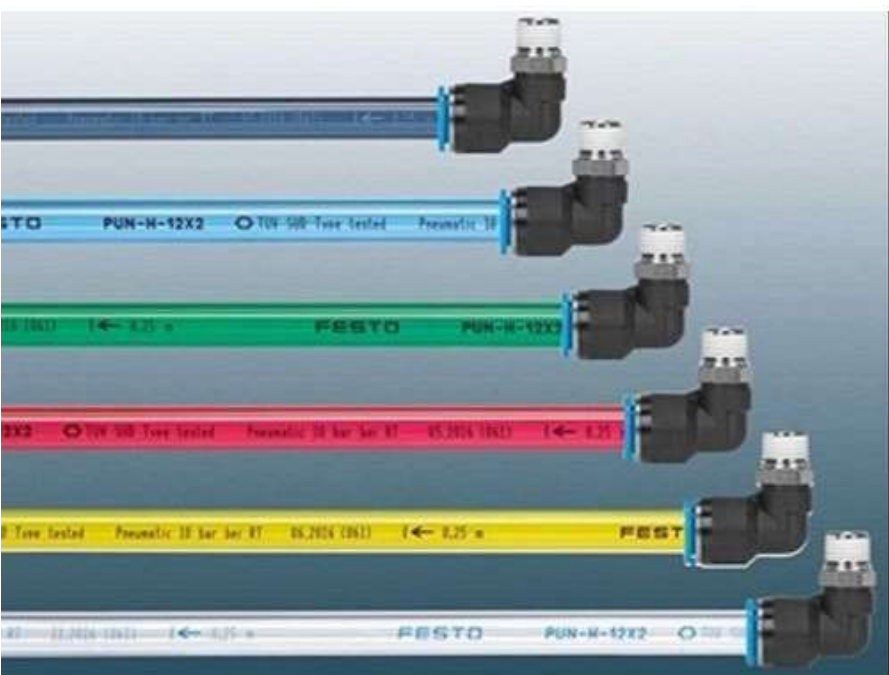

Air filter regulator lubricator

Pneumatic Connectors

Pneumatic Tubes

Hydraulic Hose & Fittings

Hydraulic Pump & Motors

 **SAUER
DANFOSS**

BOSCH
rexroth
A Bosch Company

EATON

Power Tools

Chain Saw with Top Handle

Cutting & Sawing

Heat Gun & Blower

Wrenche & Screw Driver

Industrial Grease & Lubricants

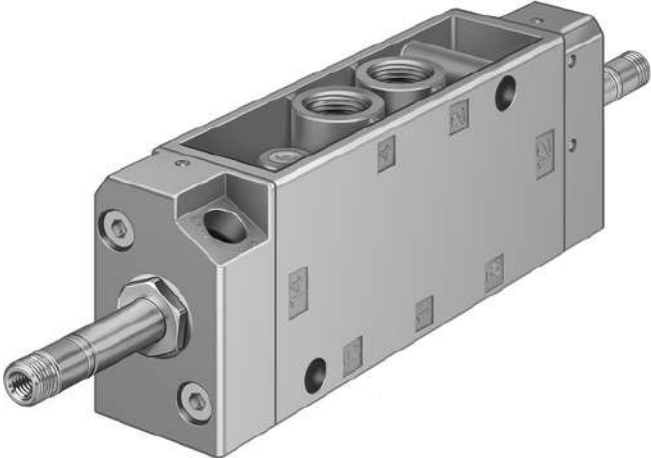

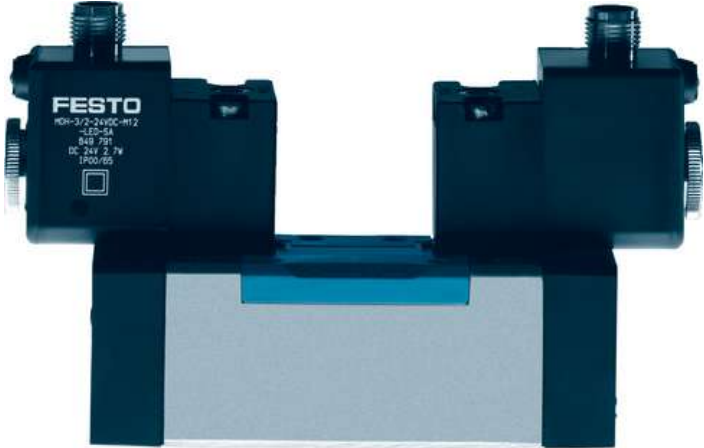

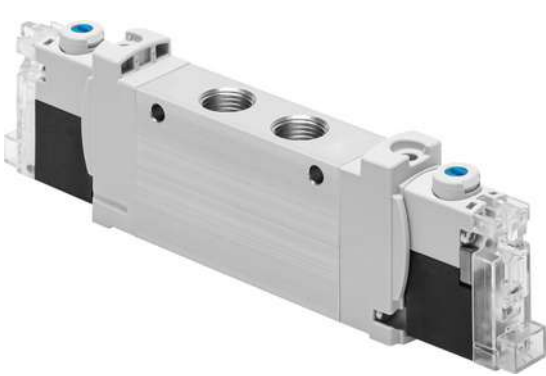

Angle seat valves

Flow Control Valves

Air Solenoid Valves

Ball Valves

Mechanically & Manually actuated pneumatic valve

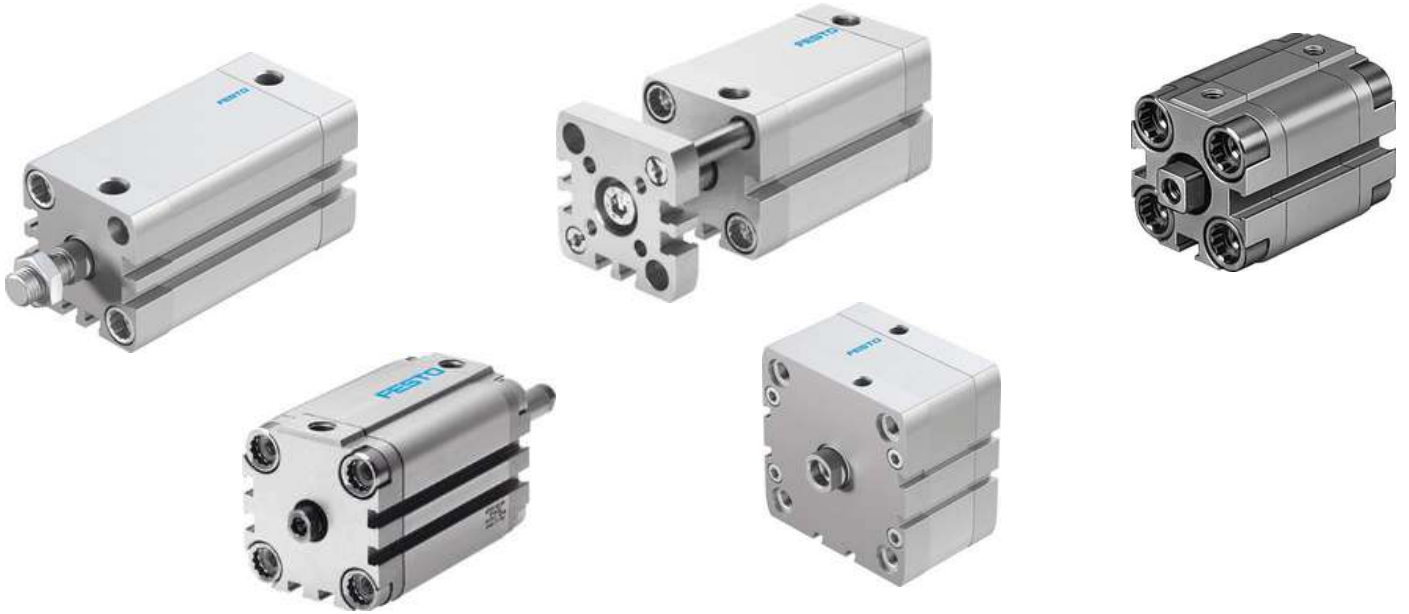

Pressure Switches & Sensors

Pneumatic drives

Cylinders with piston rod

- Compact cylinders

- Standard cylinders

- Round Cylinders

- **Flat Cylinders**

Rodless cylinders

- **Mechanical coupling**

- **Magnetic coupling**

Semi-rotary drives

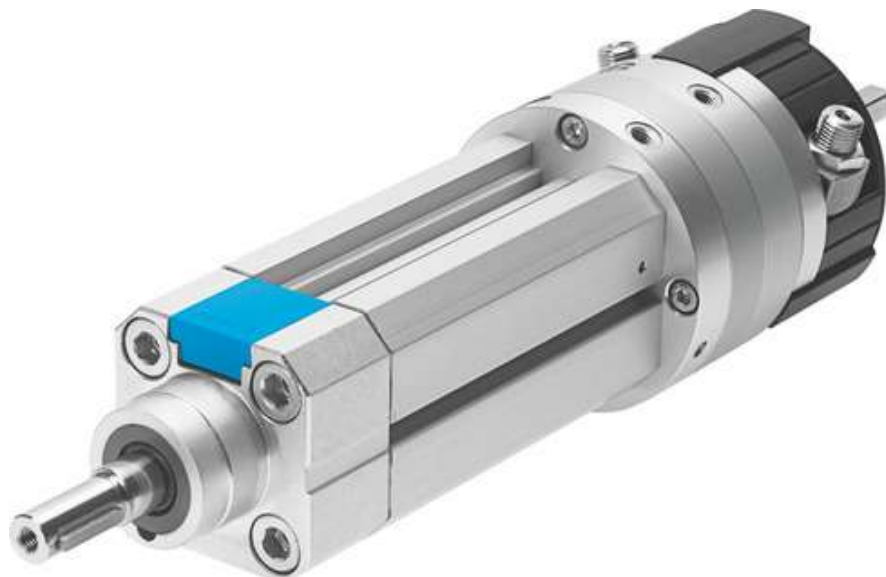

- Semi-rotary drives with rotary vane

- Semi-rotary drives with rack and pinion

- Swivel-linear drive units

Shock absorbers

Pneumatic Grippers

Ball valve actuator Units

THANK YOU

HUS is looking to associate with you!

!! Waiting for a chance to serve our best !!
